

FOR IMMEDIATE RELEASE

## Nebraska Crossing Outlets Grand Opening

**Cleveland, OH (December 16, 2013)** – Last month marked the grand opening of **ka**'s latest retail outlet project, Nebraska Crossing Outlets in Gretna, Neb. The \$112 million, 350,000 square foot outlet center was developed by OTB Destination, LLC.

Situated 20 miles southwest of the city of Omaha at the convergence of I-80, Highway 6 and Highway 31, Nebraska Crossing Outlets features more than 70 tenants. A dynamic center courtyard, combined with more intimate public spaces, create a rich variety of experiences that create a retail destination, inviting visitors to linger, dine and shop. The design evokes a modern interpretation of rural Nebraskan architecture, connecting the outlet center to its context.

The outlet center is designed to optimize walking distances for shoppers, concentrating the large collection of retailers into a compact environment. **ka** provided Planning and Design Architect services, collaborating with Avant Architects of Omaha as the Executive Architect.

### **About ka**

**ka** is a nationally recognized architecture firm based in Cleveland, Ohio, with an emphasis on providing value-added design services to clients in a range of marketplaces, including retail centers, mixed use developments, corporate offices and casinos.
